The NOW GENERATION

A warm welcome to everyone as we celebrate Youth Sunday! Today, we celebrate the passion, potential, and God-given purpose of the young generation among us. We believe that young people are not just the church of tomorrow but an integral part of the church today.

The Now Generation recognizes that the time to serve, lead, and make a difference is not tomorrow, but today. They are young influencers, change-makers, and Kingdom builders who are ready to embrace responsibility and respond to God's calling. Through their actions, they can make a meaningful impact in their families, churches, communities, and nations.

They are not waiting for opportunities or for others to take the lead; they are ready to step forward in faith, knowing that God has placed them in this generation for a purpose. This is their time to rise and make an impact!

NOW IS THE TIME – The Moment Is Here!

Every generation has its defining moment, and this is ours. We cannot postpone what God is calling us to do today. The challenges and opportunities before us call for faith, courage, and action. God has placed us here for a purpose, and it is time to rise, take responsibility, and make a difference. The time to act is not yesterday or tomorrow, but NOW!

NOW IS THE GENERATION – They Are Already Influencing the World!

Today's youth are shaping communities and impacting society through their voices, creativity, energy and ideas. The Bible reminds us that God has always used young people to accomplish extraordinary things. It is time to recognize their potential, encourage their passion, and empower them to fulfill their God-given purpose. We must stop seeing young people as future leaders and start recognizing them as present influencers.

NOW IS THE MISSION – The Gospel Cannot Wait!

The Great Commission is not an assignment for the future; it is a responsibility for today. The gospel must reach beyond church walls into campuses, communities, and nations. This generation must move from being consumers of the gospel to becoming carriers of the gospel. The world cannot wait for another generation to rise; the Now Generation must rise with passion and carry His message of love and hope to the world today!

NOW IS THE RESPONSIBILITY – Leaders Must Invest Intentionally!

Every generation needs leaders who believe in, guide, and invest in them. Our responsibility is to intentionally mentor, equip, and empower young people to discover their gifts and fulfill their God-given calling. Through trust, encouragement, and opportunities, we must prepare them not just to serve but also to lead. Investing in the Now Generation is investing in the future of the church.

NOW IS THE OPPORTUNITY – What We Do Today Will Shape the Church of Tomorrow!

Every opportunity we embrace today can become a foundation for tomorrow's impact. The decisions we make today will influence the direction of the next generation and shape the future of the church. We must turn challenges into opportunities and possibilities into realities. We must empower young people with avenues to participate, lead, innovate, and serve. What we sow into young people today will produce fruit in families, churches, communities, and nations tomorrow.

The NOW GENERATION is more than a name, a movement or slogan; it is a mindset, a mission and a commitment to live out God's calling today.

Let us seize the opportunities of today while preparing for tomorrow!
